ABOUT NALSAR UNIVERSITY OF LAW

The NALSAR University of Law was established under the Andhra Pradesh Act 34 of 1998 as a fully residential National Law University, offering an integrated five year law course. NALSAR continues to be a towering legal institution in India, consistently ranking as one of the best law schools in the country. Leading media agencies such as India Today and Times of India have ranked NALSAR among the top two law schools in India. Further, NALSAR was awarded the highest grade i.e. 3.60 out of 4.00 by the National Assessment and Accreditation Council. It is recognized worldwide for its academic excellence, innovation and holistic learning. Dynamic, driven and technically sound, NALSAR students are not only wooed by top domestic and international law firms, but are also making their presence felt as professionals in litigation, research and entrepreneurship amongst other options.

ABOUT NALSAR UNIVERSITY OF LAW

NALSAR boasts of a new academic system that empowers its students with the agency to select courses from a wide portfolio of offerings which helps them cultivate and specialize in a field of interest over the course of law school. NALSAR's cutting edge classroom teaching is supplemented with field experiences through clinic course offerings that are aimed at equipping its students with sound practical experiences. A highly motivated student body at NALSAR has time and again proven its mettle to the core by outperforming peers from competing law schools in extra-curricular activities such as moot court competitions, alternate dispute resolution competitions, competitive debating, among others.

ABOUT THE COMPETITION

The objective of this Moot Court Competition is to stir up research and thinking on emerging issues in competition law. The holistic practice of competition law in India is just about a decade old, and therefore, there is a lot of jurisprudence around the subject that is being constantly shaped (and reshaped) by the Competition Commission of India (CCI) and other appellate courts and tribunals. Furthermore, the CCI's advocacy initiatives under the Competition Act, 2002 perfectly complements the moot's desire to introduce a serious conversation around competition law in India. The direct involvement of the CCI has only led additional credibility to the competition.
