ABOUT DREAM LAW

DreamLaw, an initiative by Deadly Law group, is an Ed-Tech Platform with the vision to simplify law and legal studies in a way, that even a layman can understand it. At DreamLaw our aim is to create a passage for everyone so as to have an access to quality legal education in India. The motive behind launching DreamLaw was to create resources for practical legal education since textbook learning, a common mode of teaching in law schools, have far been removed from the realities and needs of the legal industry.

ABOUT COURSE

This comprehensive crash course is designed to equip students with the essential skills and knowledge to excel in moot court competitions. Throughout six modules, students will gain a deep understanding of moot court principles, legal research and writing, memorial drafting, oral advocacy, ,etc. Students will learn how to analyze problems, draft legal arguments, write effective memorials and briefs, and master oral advocacy techniques.

By the end of this course, students will be well-prepared to participate in national and international moot court competitions and possess the skills and confidence to excel in their legal careers.

ABOUT OUR EXPERTS

DANIYAL SIDDIQUI

I have completed my BLS / LLB degree from Rizvi Law College (Affiliated to MU), where I developed a strong foundation in Constitutional Law. My legal journey then continued with me being a master student in the field of Constitutional Law from SVKM Kirit P. Mehta School of Law in 2019-20.

My practise journey has been enriched with hands on cases, research, different HCs across countries and even had the opportunity to appear in the Hon'ble Supreme Court which have deepened my passion for practise.

The experience has allowed me to develop a strong sense of legal justice and to deliver services to the clients who knock my door for justice.

I am also particularly drawn to teaching and I am eager to contribute to and grow within the challenging law.

With the passage of time, I have experience of those tacit knowledge which I have gained from experience.
